Hello New Hope families!

It is our passion and vision to see your kids and teens come to know Jesus Christ as their savior and friend. We are beyond thankful for the opportunity to lead them every week and are excited to continue doing that in the new year.

We want to continue to grow as a ministry and are learning about ways to help prepare your kids and teens to live out their faith for a lifetime. You may see some of these changes over the coming year as we acclimate in our positions. If you have any questions about changes you see in HopeKids or HopeYouth ministry, please don't hesitate to reach out to us.

As we are looking ahead to 2022, we are thrilled to offer camp scholarships to ALL school age and junior high students. We strongly believe in the impact camp can offer kids and teens spiritually and relationally. New Hope is committed to offering 50% scholarships to New Hope families to attend any Christian camp in Minnesota. If you would like a list of camp options, please reach out and we will gladly provide them via email.

Our Converge North America camp partner is Trout Lake Camp (troutlakecamps.org). We have included the registration process for them on the back of this letter. The scholarship code you will use is SC1660060-4U88. If you have already registered, the Trout Lake office will gladly help you add the scholarship to your camper's account. If you would like to register at another camp, please email the camp details to us so we may arrange the scholarship prior to your registration.

Thanks,

Amanda Lenk and Jeremiah White

HopeKids Director and HopeYouth Director
