Dear St. John's Family,

As we prepare for a modified and phased reopening of our Sanctuary doors, there is important information you must know about the requirements of returning to church. We must all understand that this is not a return to normal – we will find ourselves worshipping in ways different than we have in the past. Although some of the measures may seem a bit much, they are crucial in order to make it safe for all who choose to come back to church. I know you have questions about how this will happen, so please read carefully the attached “Frequently Asked Questions” as well as the Bishop’s protocols and rules required for reopening.

The time will come when we will all be together and worship our Lord in familiar ways. But until then, we will continue to love and care for one another as we have these past few months. And as we do, we will rejoice in celebration of our Lord Jesus Christ!

In Christ,

Ripp Hardaway+
Rector
