

# CLASS DESCRIPTIONS

## **3's Class**

Our 3's class is designed to support early childhood development through purposeful play and structured routines. Children begin building independence, confidence, and social skills. Through hands-on activities, exploration, music, stories, and guided play, children develop early language, motor, and problem-solving skills while learning to share, follow routines, and express themselves in positive ways.

## **3's and 4's Class**

Our 3's and 4's classes offer a loving, faith-filled environment where children grow socially, emotionally, and academically. Through play-based learning, hands-on activities, and age-appropriate instruction, children develop early learning skills while learning kindness, respect, and confidence. We focus on nurturing the whole child in a supportive and joyful setting.

## **PRE-K**

Our Pre-K classes provide a loving, Christ-centered environment where children grow academically, socially, and spiritually. Through play-based learning, hands-on activities, and age-appropriate instruction, students build foundational academic skills while learning kindness, respect, and confidence. We focus on nurturing the whole child and preparing them for a successful transition into kindergarten.
