

Due to recent growing concerns of COVID-19, Church leadership has decided to suspend our services this Sunday and until further notice. We do not make decisions out of fear but instead follow Christ's example to love our neighbours and to care for those around us who may be more vulnerable.

Richview Church is committed to the safety & wellbeing of our members, children, youth & families we serve. We will not be running regular, gathered programs at this time. Instead, we will – with all necessary precautions taken – pursue opportunities to remain connected in other ways in order to love, care, and support each other. We will be letting you know of those opportunities as they are developed.

We urge everyone to please pray with us during this time. May God truly be a refuge and shelter for all of us as we face uncertainty and the potential for illness.

We value your prayers & commitment to Richview; we want to pray, love and care for you, too, as you wrestle with the implications of COVID-19.

We would also ask that you do your part to inform other Richview attenders of this decision. We will also be posting this decision on our website & social media (www.richviewchurch.com) and encourage people to check our website regularly for further information.

If you have any questions, or concerns, please do not hesitate to email me at: jtullo@jlt.net
