

Summer 2021 for Kids & Families

St. Paul values the safety of our kids, families and volunteers;
it's our Christian call to protect each other from harm.

St. Paul also values fellowship & fun for Christ's youngest disciples, growing in this time and place. The program plan for Summer 2021 reflects two goals:
to bring kids together for some old & some new ministries, and to allow for the traveling and visiting that many of us are packing into this summer!

Please participate in as much as you can here at St. Paul (and bring your mask).
