Class Description: In the hustle of motherhood, sooner or later every mother stops to ask, “Is this all I am?” In the beautiful plan of God in scripture, there is absolutely no such thing as “just” a mom. God has designed motherhood as part of his greater plan to draw people to himself, instilling us with meaning and purpose. Join us as we dive into this study to see God’s mission for motherhood and his greater purpose for all women.

## **CLASS OUTLINE**

### ***Week 1 - Wednesday, June 8***

Title: Welcome to Missional Motherhood!

Description: There is absolutely no such thing as “just a mom.” God has created us with purpose and calling that defines all areas of our life, including our motherhood. Let’s take a step back from the tyranny of the urgent to explore what missional motherhood is all about!

### ***Week 2 - Wednesday, June 15***

Title: Motherhood in the Grand Plan of God

Description: This week, we will take a quick but thorough fly-over of the big story of God, examining his purposes from the beginning of scripture all the way to the end - seeking to find our place and calling in the midst of his grand plan for all of creation!

### ***Week 3 - Wednesday, June 22***

Title: New Creation Life in Christ is the New Normal

Description: This week, we will explore the temptation to fixate and obsess over the “seasons” of life and motherhood that comes at the expense of resting in the rich gift of life that God has given us each and every day. We will seek to set our sights on Jesus and his Kingdom to avoid the kingdom confusion that can overwhelm us in the midst of the hustle of everyday life.

***Week 4 - Wednesday, June 29***

Title: The Priestess Next Door

Description: This week, we will be contemplating the priesthood of all believers - a glorious theological truth that we see in scripture that reveals God's plan and purpose for all of us as his followers. Looking at 1 Peter 2:1-10 and Hosea 1-2, we will contemplate what God has done for us in redemption, and what he has called us to do in response!

***Week 5 - Wednesday, July 6***

Title: The King's New Creation

Description: As we near the end of our study, this week we will focus on the Kingship of Jesus. We will seek to remember his sovereign and supernatural power to open deaf ears and blind eyes, reminding us that it is he alone who can accomplish the mission of our lives. Looking at Isaiah 42 and 43, we will see that he uses that power in us to make us witnesses to others!

***Week 6 - Wednesday, July 13***

Title: From the Home to the World

Description: In this final week, we will take time to pull together all the threads that we have explored throughout this study, considering how we can apply these realities into our daily lives as we manage our homes and seek to see His Gospel spread among the nations.
