GENERAL INFORMATION

Thank you for your interest in the Sonshine Christian Preschool. We hope this information is helpful in your decision making process concerning your child's early childhood education.

We began the Sonshine Christian Preschool program in the 2003-2004 school year as a Christian preschool. Our goal is to make the first educational experience for your child a positive one with a Christ-centered base. The children will begin each day with chapel where they learn interesting Bible stories, memory verses and fun songs that show God's love for them.

A blend of resources are used to introduce the children to the alphabet and their sounds. Pre-K children will also learn sight words. The children learn colors, shapes, numbers, opposites, nursery rhymes and the senses. Center time allows the teacher the opportunity to work individually with the children. This enables them to achieve specific goals.

Large motor skills are exercised through recreation. Our inside play is equipped with items for crawling, balancing, tumbling, throwing and catching to name a few. We also work on hopping, skipping, jumping and walking

backwards. The children have outside recreation as the weather permits. The outside recreation area is secured with a chain link fence that surrounds the entire space.

Small motor skills are developed through writing and using scissors, working puzzles and other manipulatives. Emotional skills are explored through socialization with other children. We encourage independence and manners. The children enjoy crafts, art and music. Each class also has computer lab once a week. This gives the children a chance to learn to use computers.

Parents transport their own child for our Fall and Spring field trips. We host several special events and invite guest speakers. Parents are asked to provide a snack for their child each day.

We are a nut-free facility.
Special sign-up sheets are posted for parties. We are a co-op; therefore parent participation is not required but always welcomed.
