

## Steps to download practice tracks directly to your phone (without a computer)

1. Open the private cast page (<https://vistacommunitychurch.org/near-secret-music-page/>) using the Safari browser on your phone. (Steps may vary for Android users). Tap and hold down each song title until you get a drop-down box like the below. Choose “Download Linked File” to download the track to your phone.

2. Repeat for each track in your section.
3. Download the “VLC media player” app from the App Store

4. Open the VLC Media player app and 1. Tap the Browse icon at the bottom of the app, then 2. Choose the Cloud Services option and 3. Select the iCloud icon.

5. You'll now see each of the audio files you downloaded inside the iCloud files. Tap to select each of them, then tap Open at the top right, which adds them to the app.

6. Tap the Audio icon at the bottom of the app and click on Albums. You will see an Unknown Album icon, where your songs are now saved.
7. If you would like to create a playlist, tap and hold the Unknown Album icon and choose Add to Playlist from the drop-down then choose the *Create a new playlist* orange button at the bottom of the screen. Name the playlist, i.e. "Christmas Choir Alto 2025"

8. Tap the Playlist icon to listen to your practice tracks and ENJOY!
