

# SEPTEMBER TABLE TALK DICE

Roll the dice and answer the question that corresponds with the number on your dice.  
Look for a new sheet each month!

“Treat people in the same way that you want them to treat you.”  
Luke 6:31

						
	What is your favorite thing about fall?	Who do you know that needs prayer? Will you pray for them now?	What is your greatest talent or ability?	How can you show someone that they are special to you?	If you could be part of a large parade, what would you want to be doing in the parade?	What is the most important thing that friends can do for each other?
	What is your favorite class at school?	Ask your parents what they did before they had computers.	What would you do if all the electric went out and it wasn't time to go to bed?	Do you know any jokes? Share one with your family.	What is the best gift you have ever received?	If you could get out of school for one week to help an adult do their job, what would it be?
	Do you want to have a family of your own someday? Why or why not?	What is the one food you could never convince yourself to eat?	What does your mom do better than any other mom?	What are you most curious to learn about as you get older?	If you could know the secret behind any magic trick, which one would you want to know?	If you could invite anyone to come and talk to your class, who would you invite?
	How much time do you think a person should spend online each day?	What is the nicest thing you did for someone today?	What does your dad do better than any other dad?	What is the worst thing to eat before getting your teeth cleaned by a dentist?	What is your favorite thing that begins with the letter "W"?	If you could change one rule about your favorite sport, what would it be?
	If you could start a new family tradition, what would it be?	What is the nicest thing someone else did for you today?	What is your favorite thing to do with your grandparents?	What factory would you like to visit to see how they make things?	If you could change one thing about school—and only one thing—what would it be?	What is the perfect weather day for you?
	What is the best smell in the whole world?	If you were asked to organize a field trip for your class, where would you take them?	What is your favorite song right now?	What is the most fun you've ever had while outside in the rain?	If you could create the ultimate sandwich, what ingredients would you use?	Where would you rather visit... outer space or the deepest ocean?
