

Worshipping with our Church

Today I will go to worship with my family. I am excited to see my friends. I am excited to worship God with my family.

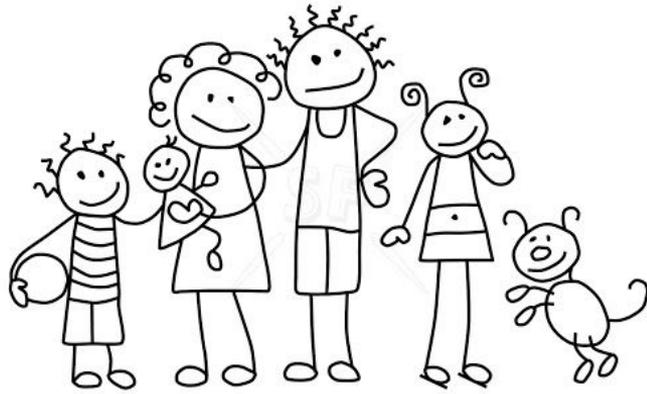

I will walk into the church building with my family. It is important that I stay close to my family. I will see my friends and wave to them and say hello. I will not get close to my friends and will not touch them. I will stay close to my family.

Someone will take my temperature. They will have a mask on and will help everyone in my family take their temperature.

I will not go to my classroom today. I get to worship with my family in the big room. I like family worship in the big room.

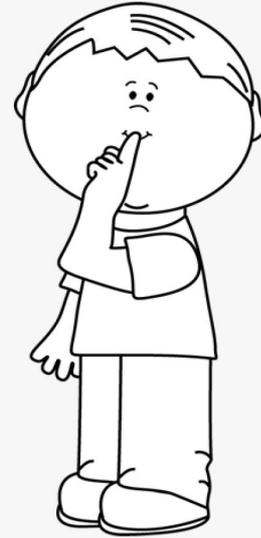

The big room will look different today. Chairs will be far apart. I will sit with my family. Some people will wear a mask on their face. I will wear a mask on my face if my parents tell me to. I do not want to get germs on me. Germs will make me sick. I will wash my hands when my parents tell me to. My parents want to keep me safe from germs.

First, we will pray to God. An adult will pray. I will listen and be quiet.

Second, the worship team will go on the stage and sing a song. I can listen to the songs or I can sing along and dance. I will stay with my family.
