NOTES

When it comes to praising God what's foremost in our minds is not always His goodness, but our hardships.

The reason I can praise God is because His goodness is present in my yesterdays, today's and tomorrow's.

"A changeable God would be a terror...we would have no sure anchorage, and amid a changing world we would be driven to and fro in perpetual fear of shipwreck." Charles Spurgeon

There is not, nor will there ever be, a generation that cannot testify that God is good.
