

## **Wednesday Night Live Safety Measures**

We are excited to share that Wednesday Night Live will be on campus starting Wednesday September 2nd. In order to make this possible though, we will have a few elements in place to help us follow recommended guidelines:

### **Before you come...**

- Remember your mask if you want to bring your own.
- If you don't feel well we ask that you stay home and join us online!

### **When you arrive...**

- You must have a mask on while inside the building. Masks will be supplied, or you can bring your own mask if that's more comfortable. 😊
- Your temperature will be taken directly inside the door.
- Check-in at the correct check-in station (either ladies or gentleman) so we know you're here.

### **During the night...**

- Hand sanitizer will be placed around and students will be asked to use it before and after playing games where they are touching a common object.
- We will be working to limit the number of shared objects students handle throughout the night.
- We will have chairs spaced 6-feet apart in clumps to help limit how close students are.

We are so excited to be able to provide a safe environment for students to engage in meaningful relationships with God, leaders, and each other. Thanks for helping us achieve this by following these guidelines. 😊
