## Questions for the Community

1. Are you convinced you are guilty? On a scale of 1 (how dare you...I'm a saint) to 10 (been there, done that, bought the T shirt on EVERYTHING) how sure are you that you are a sinner in need of grace? Has it always been this way? Explain.
2. Discuss the Debt/Debtor relationship described on Sunday and the results they produce. Discuss how this is seen in all of life (From language to culture to legal system to Scripture to office/school/home) [See Is. 43:24-25 to get you started]
3. Reread the passage from Sunday. In your own words state what is done for the guilty and shamed; what our part is and the effect on our lives.
4. What part does confession play in your life? If misplaced as tylonal for your conscience how can confession become a hinderance to life rather than life giving? Read James 5:16. What does James link lingering unconfessed sin with?
5. Read 1 Tim. 1:18-20. What can happen to those w/ a warped conscience? How important is this to a Christian?
6. How do you cultivate and keep a clear and sensitive conscience? What are the dangers that deaden it? Pray over one another in this area of guilt, shame, conscience.
