NEXT SUNDAY: Give More

### Questions to ponder, pray over, and discuss...

1. Review all the words of Jesus that were brought up on Sunday (see all the blue references on this handout). Have your Bible open and be thankful for the instruction given!
2. Three kinds of treasure were mentioned on Sunday (\$, time and self). List some others that God entrusts to us (i.e. education). Make a list of how it benefits others and even ourselves when we spend less of these gifts on ourselves.
3. How are you seeking to travel light in this life in regards to possessions? Are you skilled at streamlining your schedule so that there is margin to be generous when people ask for your time or you see a need that could be met?
4. As you read our passage this week and consider Paul...how healthy are your spending/consumption habits? (remember... this includes but is not limited to \$ and stuff)
5. Brainstorm ways to "Spend in sync w/ in sync w/ the "Greats". (Great COMMANDMENT- love God w/ ALL...love neighbor as SELF and the Great COMMISSION- make disciples).
6. Spend time at the end committing the changes you are making to God in prayer. Ask that He guard your heart from pride, legalism or law and instead that He fill you with *faith working through love*.
