

## **Into the Unknown: A Study of Exodus Exodus 25-31; 35-40 Reflection Questions**

The tabernacle was very ornate and the items in it were made of precious metals and stones. In what ways have you seen ornateness in places of worship you have seen? What do you think is important for “decorating” a place of worship?

When was a time that your heart was prompted to share something you had for God’s purposes?

The workers tasked with making the parts of the tabernacle were gifted by God with skill, wisdom, knowledge and understanding (31:1-11). In what ways has God gifted you to engage in creative arts for worship and for others? How are you using them now? How will you use them in the future?

What is something new that you learned about the tabernacle today? Why is it significant to you?
