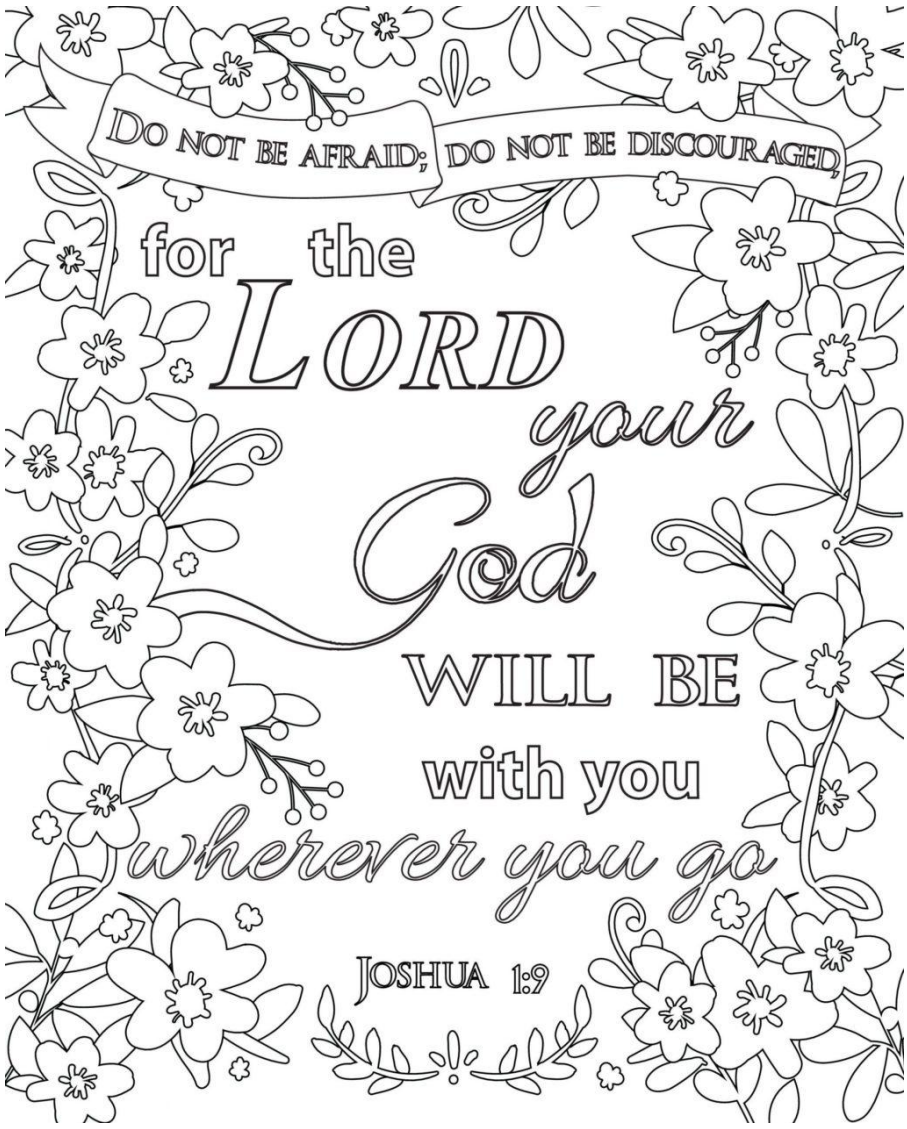
Bacon Memorial Presbyterian Church


Remember that in all things and everywhere God is with you. But how can we remember this? When we pray we invite God into our lives and we open our ears and our hearts to hear God speak to us. Now God may not speak like you and me – in words that we hear, but God comes to us in other ways like sometimes through other people like your mom and dad, or your friends, or something you feel in your heart. If you are doing something that shows someone love like giving your mom or dad a hug, or coloring a picture for someone, then you know God is there because whenever we do something kind, it is because God has helped us to do it. Have fun coloring this page and maybe give it to someone to make them smile!
