Prob.4:7 *Wisdom is the principal thing; Therefore, get wisdom. And in all your getting, (NKJV) get understanding.*

Wisdom is the most important thing. Many people want to get married without applying wisdom. They work by the way they feel instead of working with wisdom. As an individual, ensure you do not get married without first pursuing wisdom. Do not make decisions that will alter your life without growing in wisdom. When people operate outside of wisdom, their decisions always come with pain, the moment you neglect wisdom what you have embraced is pain, it is either you learn through wisdom or learn it by personal experience and sometimes that can be really painful. God is the one who gives wisdom.

"H, JACKSON BROWN said "Choose your life mate carefully. From this one decision will come 90% of your happiness or misery." If you choose the right partner, you will enjoy days of heaven on earth, if you choose the wrong partner, you will experience hell.

The first thing you need to do in choosing a life partner is to;

- Delight yourself in the lord (psalm 34:4-5) To be in delight is to have pleasure, let the lord bring you great pleasure (Isaiah 54:5).
- Become the right person instead of looking for the right person. When you invest in becoming the right person you and the right person will meet. Become the best version of yourself, spiritually, physically, intellectually, and emotionally it will make you happier and more fulfilled. It would also position you to be blessed.
- Trust the leading of the Lord. Allow God to lead you. Some of us always want to be in charge of every part of our lives.
- Believe that it is possible to be married.
- Make sure that the person you intend to marry shares the same values.
