## Discipline Policy:

We believe that children need limits in order to feel secure about themselves and their environment. The purpose of discipline is to help children learn acceptable behavior and develop self-control. Good discipline does not mean punishing children and laying down the law-it means to love the children enough to provide natural consequences and boundaries. Team members have been trained to understand what age appropriate behaviors are and how to encourage good choices.

**If inappropriate behavior does occur, we use a positive approach.**

- encourage child's good behavior and/or redirect his/her activity
- If a problem still exists, the child is then removed from the situation and placed in a time out within their area. "Time out" shall be defined as an area away from the group or activity, where the child will be encouraged to cool down and talk about their behavior.
- The child is allowed, as soon as possible, to return to the group.
- The teacher will not only decide if the child is ready to return, but will encourage him/her to be ready.

\* All discipline guidelines are laid out in the Parent Handbook.

I have read and agree to the Discipline Policy of Camp Trinity 2021
