Friends, please pray for David and Katelyn Konfrst. Katelyn is a KidsMin team member who is pregnant for twins. She went to the hospital yesterday with high blood pressure. She received the news today that she will be in the hospital til the babies are born. Please pray that the doctors will be able to control Katelyn's blood pressure so the babies can wait to be born til they are bigger and stronger. We also need to pray that God will help keep her spirits up. It gets hard being in the hospital.

Michael Logan

I want to take a moment to express how grateful I am to be part of the body of Christ. It has truly been a blessing to walk through the doors of the church and be greeted by such loving and supportive people. At this time, I humbly ask for your prayers. A couple of months ago, I was laid off from my position at Wells Fargo after five years of

employment. Since then, it has been a bit challenging to keep up with my living expenses as I continue to search for new job opportunities.

I would deeply appreciate your prayers for provision, strength, and guidance during this season of transition. I trust that God has a plan, and I'm hopeful for the doors He will open next.

Thank you for your continued love and support.

With gratitude, Michael Logan
