There is no holiness apart from a sincere desire to be pleasing to God. We are pleasing to God when we obey his commands. Obeying God's commands will set us apart from the world.	Paul identified the temptation to be pleasing to men but acknowledged the importance of serving Christ instead. Often what will make us popular with our friends will make us the enemy of God.	It has always been God's desire for his people that they are noticed by the world for their good deeds and character…let your good works shine today so that others will see them and worship God! (Mt. 5:16)	When we are able, we should be sensitive to our culture without compromising, if we are not, we may miss opportunities to share Jesus with others because they see us as irrelevant!	It will be popular to know the latest immodest fashions, immoral media, and crass expressions. Holiness demands that we reject these things and become diligent students of what is good!
