

# DIY : CLOTHING COLLECTION & DONATION

## WHAT IS THE PROJECT?

Have everyone clean out their closets and dressers, and bring them all together to donate to a charity or organization in your community.

## HOW MANY PEOPLE CAN DO THIS PROJECT? - 3-15

## LOCATION OF THE PROJECT

Anywhere to collect and organize clothing (someone's home is recommended).

## BEST TIME/SEASON TO DO THE PROJECT

Any time!

## THE PURPOSE OF THE PROJECT

You can ensure that people in-need will have easy and open access to clothing by donating them.

## SUPPLIES NEEDED

- Trash bags
- Face mask
- Disposable gloves

## STEP-BY-STEP INSTRUCTIONS

1. Decide the organization to whom you will be donating. Here is a link to a list of great options: [moneycrashers.com/where-donate-clothes-charity/](https://moneycrashers.com/where-donate-clothes-charity/)
2. Contact that organization and ask if they will accept donations, their location, their donation/delivery protocol, etc.
3. Everyone in your group should clean out their closets, wardrobes, dressers, etc.
4. Bring all of your clothes together at a central location! You should be collecting clothes that are still in good shape and no undergarments.
5. If clothes are brought unfolded and unorganized, make sure you take some time to fold and organize them however you want or based on any directions your organization might give you. For this, you may want to wear gloves and face masks to prevent the spread of germs!
6. Place your clothes in trash bags and take them to your donation location!

**Please do not deliver to the church.**
