

IN LIFE

The probability for success increases with the predictability of your opponent.

OUR PRAYER

Protect our faith by learning the enemy's tactics and our corresponding temptations.

WE FEEL IT

What is true feels increasingly contentious and cloudy.

THE TACTIC

The enemy seeks to deceive - to twist and tarnish truth.

A PROTECTED FAITH

Rejoice in truth. Reject the lies.

TO REJOICE AND REJECT

1. Believe truth is God's to define.
2. Know where you are vulnerable.

TAKE HEART

The same God who saved you protects you.
