

The Fair is coming!

The dates for the fair are November 7 & 8. The team has met and planning is well on the way!

Want to help? There are many ways to participate. The garden area will be selling house plants again this year. We need plants to sell. Do you have some which could be separated, or rooted? Cheryl Johnson has been dividing and rooting for our sale for several years. She would love to help you learn, and get started.

Are you a crafter? Our graft group met last week to get organized. We will be meeting on Tuesdays from 10-2 in September and October in the back of the thrift store to work on our shell decorations and other projects. If you can work at home (like how I make my pandemic animals), please consider making something for our sale.

More specific requests will be coming in the next few weeks. There will be the silent auction, raffle baskets, country store, etc.

The following people are appointed to the different areas of the fair, feel free to reach out to them if there's a section you would be interested in.
