Discussion Guide

(for use individually, as a family or in your small group)

Begin by reading John 4:1-26. Discuss any insights or observations you have from this week's message or from the scripture passages shared? Did anything stand out to you?

1. How has God graciously pursued you? Why doesn't it always feel like grace? Are there any ways you might be resisting God's grace now? Why or why not?
2. How is God's "living water" superior to that of Jacob's well or any well? Why did the Samaritan woman doubt this?
3. **Read Jeremiah 2:13.** What does it take for us to let God go beyond the physical and into the depths of our heart and need? What might it look like to practice this?
4. **Read John 4:21-24.** How is worshiping the Father in Spirit and in Truth different from worshiping at a location? Why does God seek people that will worship Him this way? Do you? Explain...

Discuss any further insights together and close in prayer.
