Discussion Guide

(for use individually, as a family or in your small group)

Begin by reading Luke 24:13-27. Discuss any insights or observations you have from this week's message or from the scripture passages shared? Did anything stand out to you?

1. **Read Luke 9:21-26.** In what way do "human concerns" invade our thinking and direct our hope away from who Christ is and what He provides?
2. **Read Lamentations 3:17-24.** What gives us a genuine hope? What would help us recall the hope we have in God's faithful love more readily?
3. A living hope is brought about through faith in Christ and made possible only because He died and rose from death. How should the security of eternal life give us hope and joy?
4. **Read Psalm 62:5-8.** What happens to a person's soul when they have put their faith in God? Do you have the kind of peace and rest that comes from God through faith? Trust Him today.

Discuss any further insights together and close in prayer.
