Discussion Guide

(for use individually, as a family or in your small group)

Begin by reading Mark 1:21-28. Discuss any insights or observations you have from this week's message or from the scripture passages shared. Did anything stand out to you?

- **Read Jeremiah 23:29-32.** What is God's response to those "prophets" that would speak from their own minds and who steal words from each other? If we speak about the things of God, what source should we be using? Why?
- **Read Hebrews 4:12-13.** The Word of God is living and effective or active. How have you seen or experienced it's power over thoughts and over attitudes of the heart? How does it's effectiveness support its authority?
- **Read 2 Timothy 1:8-12.** What does this passage reveal about the power of the message of Christ, the Gospel? Is this power available from any other source? In what ways might you be failing to rely on or authority and power of God's word over sin in your life?

Discuss any further insights together and close in prayer.
