

Series: A Million Miracles – Week 1 | Title: New Beginnings | Text: Genesis 1:1–5

📖 Read Genesis 1:1–5.

Note: Beginnings matter, and God's opening line is powerful.

1. The Fact of New Beginnings

- **Key Insight:** God created *ex nihilo* (out of nothing).
- Science and faith are not enemies; both point to order and design.

💬 Key questions:

- Why does it matter that God was already there before creation?
- Which seems more reasonable: eternal dust or a miracle-working God?
- *"If God creates something out of nothing, what might that mean when our lives feel empty?"*

2. The Location of New Beginnings

- Earth was *formless and empty* (tohu wa bohu).
- Spirit of God hovered—present before light appeared.

💬 Key questions:

- Where in your life feels "formless and empty"?
- How might God be present in the chaos, even before you see change?
- *"Not only does God bring new beginnings out of chaos—He does it again and again."*

3. The Hope of Renewed Beginnings

- God's pattern: new beginnings (Adam, Noah, Abraham, Moses...).
- Everyday miracles (sunrise, tides, seasons) remind us of God's faithfulness.

💬 Key questions:

- What everyday miracle do you overlook?
- How have you seen God give someone a new beginning?
- What fresh start do you need from Him today?

Scripture Reflection

Romans 1:20 — Creation reveals God's power and nature.

- How does creation help you understand God better?
- How can you notice the miraculous in the mundane this week?

Application

- Identify one area of chaos. Pray for God's Spirit to bring renewal.
- Notice one "miracle of the rule" each day (sunrise, breath, heartbeat, relationships).

Closing Prayer

Thank God for His presence in chaos, His gift of new beginnings, and His daily miracles.
