

## GARDEN OF REFLECTION: PROPOSED REFURBISHMENT

At Anglican Church Robina, our 'Garden of Reflection' has become a much-loved space over the years; however, it has been so loved that many feel the garden is due for a 'facelift' of sorts. A hard-working sub-committee has already created a beautiful design (see right) and sought tenders to secure the most competitive price ... now all we need to do is make it happen! So, how can you help?

Firstly, we are very mindful of the fact that the garden has spaces dedicated to loved ones who have passed onto glory and so we would appreciate hearing from you should you wish to discuss how we might respectfully manage the refurbishment process. We would also appreciate you 'spreading the word', so as to avoid confusion or disappointment for family members who might have moved away from our Church and/or the Gold Coast.

Secondly, by simply attending church in the coming weeks, you'll get to hear a special sermon series dealing with key themes associated with the Garden.

Thirdly, Parish Council have agreed to cover the bulk of the refurbishment costs; however, we are also seeking your generous support. Any monies donated will cover the shortfall and the ongoing maintenance of the garden to ensure it remains in the most appealing state possible.

If you would like any more information about the project or how you might support it, please just phone or email the Parish Office (5618 8238).
