You have to run four whole laps in PE. After the second lap, you feel pretty tired.

Your grandma asked you to pick up your room before going outside to play. There's so much stuff on the floor in your room!

You really want a toy from the dollar aisle at the store, but your dad said, "Not today." You want to scream because you're so mad.

You make a big mess in the kitchen, and you have to clean it all up by yourself.

Your aunt needs your help carrying in the groceries. There are a LOT of bags to bring in.

You grabbed something just so your brother couldn't have it, and now he's upset. You know you should hand it over and say you're sorry.

You have a big page to color. You're about halfway finished, and you're tempted to quit. But you know it will look really cool when you color the whole page.

You're so close to being able to tie your shoes, but you just can't get the loops to stay tightly tied.

What to Do:

Print and cut apart. Provide one card for each kid.
