**For Small Group discussion & application this week:**

Based on your personal time in Hebrews 1 this week, what did God teach you?

Because of our sin nature, we do not naturally drift toward Christ and spiritual growth. How can you be more intentional to grow and move toward Christ and His glory?

How confident are you to declare the good news of Jesus to others? When was the last time you personally shared your faith in Jesus with another person? What do you need to do to be more equipped in this area of your journey with Jesus?

What truth did you pick up in the message from this passage that you didn't get on your own? Why is that particular truth significant to you at this time and how will you apply it to your life?

**Looking ahead:** for next Sunday, January 23, take a closer look at Hebrews 2:10-18.

In addition to the ENSPEC method, here are a few questions to help you dig deeper in the text this week.

Why did Jesus have to share human nature completely?

What three purposes for Christ's death do you see in 2:14-17?

Try to imagine the impact these verses would have had on Jewish Christians in the first century. Which statements or arguments do you think would have most firmly convinced you to remain committed to Christ and not lapse back into religious externals?

How are these statements relevant to your current life?
