For Small Group discussion & application this week:

Based on your personal time in Genesis 1-3 this week, what did God teach you?

How does the darkness of sin impact your ability to enjoy God fully?

When we turn from darkness to the light of Christ, He changes us. How have you learned to balance the darkness of sin and the world and yet have an impact for the truth of His light to those around you?

What did you take away from the message that you didn't get on your own?

Think of the significance of lights at Christmas time. What do you hope Christ teaches you during this Illuminate series? How would you like to have an impact for Jesus during this season?

Looking ahead: Next Sunday, December 11, we will look at Matthew 5:14-16.

As you look at these verses, draw near to God asking Him to reveal truth to you. These verses are part of Jesus' sermon that covers chapters 5-7. You can read that one day for greater context.

Seek understanding and application of these verses by asking a few questions as you read the text this week:

What words are repeated or emphasized? What significance does that bring to the text?

Is there a specific instruction or command to obey?

What is the result or action that is to be lived out by following the instruction of Jesus? How can that be done in your life? What can keep that from being done in your life?
