

GROUP-SPECIFIC COMMUNICATIONS - Small Group Leaders

- Share changes with group members weekly.
- Offer rides or help with special parking needs.
- Encourage prayer for safety and unity.

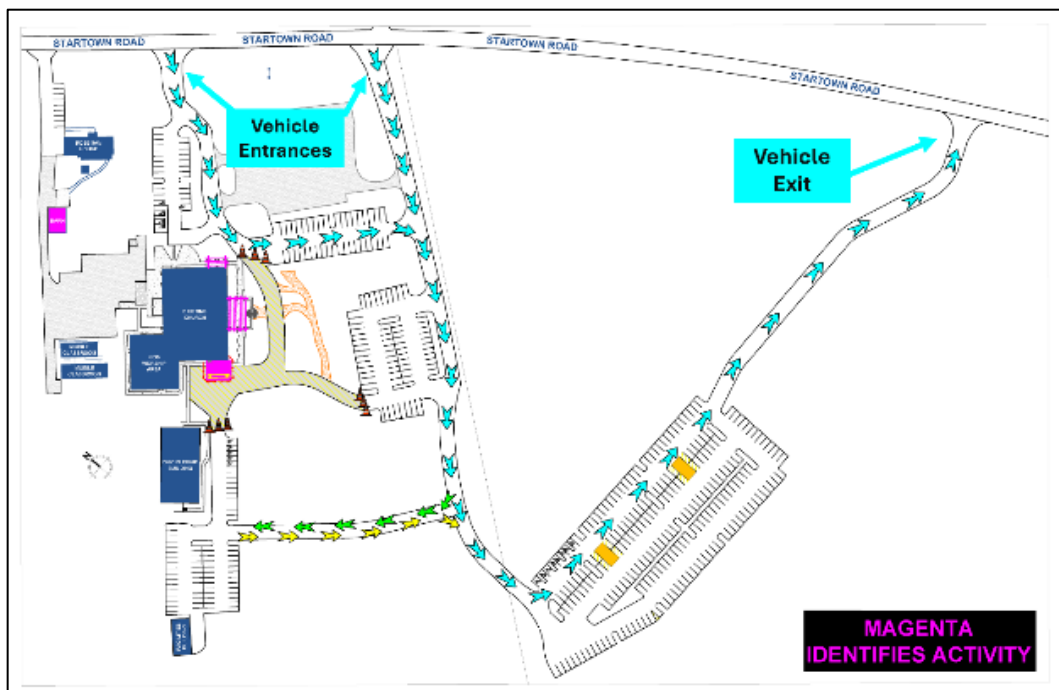

KEY TALKING POINTS:

Tone to Use When Sharing:

- **Be positive and reassuring** — this is an exciting season of growth!
- **Use simple, clear language** — avoid technical or complicated terms.
- **Remind people that signage, maps, and volunteers will be available to help.**
- **Encourage patience and flexibility as we build together.**

Site preparation continues on the Discovery Church campus, and progress is moving quickly. It is so amazing to see how God is moving, and our facilities are starting to take a new shape. A

1. The portico, the pergolas and the barn at the Roseman house have all been removed, and we are working on the fountain and other pieces on what is currently our main entrance.
2. Many people have asked about the beautiful cross we had at our main entrance. That has been removed, safely packed and stored so we can use it in front of our new building.
3. Parking and pedestrian traffic have changed, and we would like to ask for your help in keeping everyone safe. Here are a few reminders:

- a. Please move slowly through the parking lot, cars are sharing space with pedestrians and we need to be careful.
 - b. As you walk into and out of church, especially as you go to Lot E near Trivium, please stay to the side of the road. We are creating walking paths this week, but they are not quite ready.
4. Please stay aware of your surroundings. If you are walking. Stay on the lookout for cars. Drivers, please keep a watch for pedestrians. If we all work together and make room for each other, everyone will stay safe.
5. **Let's serve one another in the parking lot.**
As we continue to grow and build, we all need to represent Jesus in the parking lot. We have people who truly need handicapped and close spots. If you can walk from a spot that is further out or wait for the shuttles, please do so. While we build a bigger space that will allow us to serve more people in our community and beyond, please help us serve those right here in our congregation who need it most.
6. **Come Early, Help Others**
The 8:00 AM service still has plenty of space! Coming early or choosing that service helps ease parking pressure and makes room for families and guests later in the morning.
7. **Stay Informed – Know Where to Go**
