

## Current Series: Colossians

We end the year by returning to Paul's letter to the Colossians. This letter reveals the glory of the gospel, the preeminence of Christ, and the necessity of Godly growth for followers of Jesus. This series has and will continue to challenge us to surrender to Jesus and depend on him as we live a transformed life.

### May 6 - Colossians 3:18-4:1

After demonstrating why living a transformed life reflects being in Christ, Paul explains how this looks in the Christian household. We will spend time considering how to live out true faith in these relationships.

### May 13 - Colossians 4:2-6

Before Paul concludes his letter to the church in Colossae he has a few final exhortations. Our aim is to explain what these exhortations are and how they tie the instructions of this letter together.

### May 20 - Colossians 4:7-18

The end of an epistle can seem a bit boring to read, but the flurry of relational connections at the end of Colossians are significant. We will discuss who these people are, why they matter, and how does this departing greeting impact our lives today.

### May 27 - End of the Year Celebration

A night of testimonies, games, food, and celebration for the whole family! Join us as we wrap up the 2025-26 school year together.
