Serving the Unreached of Indonesia

Indonesia

Hello, I hope this newsletter finds you prospering in the Lord. This June, Paige and I will celebrate 19 years of marriage and 17 years serving on the mission field. Two of our kiddos were born on the field and all 3 have lived most of their young lives overseas. Many of you have been faithful partners for a lot of those years. We are eternally grateful and don't take it for granted the sacrifice you and your church make to partner with us as we seek to make Jesus known in the land of Indonesia. Thank you for running this race with us. "I thank God every time I remember you." Philippians 1:3

University Outreach

Over the past several months Paige and I have had the opportunity to teach conversational english at a local university. We have been able to develop friendships with a lot of these students and have even had the opportunity to invite them into our home. They love to try our Western food! No matter your ethnicity or religious background everyone wants to be a part of a community. We are thankful for these opportunities to not only share food but to share our heart as well.

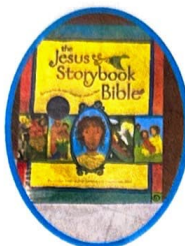

Many Indonesians want to learn English so that they can study overseas or work for companies where English is required. With over 1.5 billion people worldwide speaking English, it is the most widely spoken language and serves as a bridge connecting people from different cultures and backgrounds.

Thankful

We are so grateful for Light for the Lost as they partnered with us to buy 100 "The Jesus Storybook Bible's" which have been translated into Bahasa Indonesia. Many of these books were sent to the children's home we built, "Sprout of Hope." With limited Christian children's books in the local language these books are a treasure for many of the kids.

Church Plant

For the past several months Paige and I have partnered with Waypoint Community Church to help plant an English speaking church. Paige has been leading the kids church program and I (Kent) have been helping with preaching. In the next few weeks I'll be heading up a young adults ministry. Over half the church is made up of 20-30 year olds. We are really excited to get the opportunity to pour into their lives. Our young adults ministry will also provide a bridge for those to whom we are ministering to in our English university ministry.

New Opportunities

BGMG
Boys & Girls
Missionary Challenge
Project # 37652-1

I am excited to announce that we will be partnering with a local church in Wamena Papua to help enlarge their ministry outreach to children and youth in their local village by helping them build a brand new classroom. For the past 20 years this church has been ministering to children in their community by teaching them practical life skills and biblical truths. They also feed the kids every day. For \$25,000 USD we can build a brand new classroom that will enable this church to continue reaching the most vulnerable in their village. Please consider partnering with us with a one time investment.
