Global University Studies

Pictured above is a group of elementary grade students at our Christian School holding their Bible class study materials. The **Global University (GU)** studies include courses for children and adults and are a valuable tool in training our students from Kindergarten through Grade 12 with the Words of Life to guide them into a victorious future!

360Go Men's Team

A group of 9 men with 360Go - **Light for the Lost (LFTL)** recently traveled across Cambodia experiencing new things, eating strange food like tarantulas and sharing God's love with men in the Teen Challenge Center, children at our Hope Center locations and those who have never heard the Good News of Jesus Christ.

Light for the Lost (LFTL) has been instrumental in the translating the **Fire Study Bible** and **Christian Life Series** into the Cambodia language. Pictured above is a group of the men presenting our dorm students with a new Fire Study Bible after completing the Christian Life Series. Thank you, Light for the Lost, for helping to bring the written Word to Cambodia!
