## 10:30 am Family Worship Service

# FILTER OF HOPE

At KidsWKND we are raising money to give clean water to thirsty kids and share about the good news of Jesus!

## What is the Kids' Clean Water Project?

**Most kids don't understand not everyone has clean water like them.** The lack of access to clean drinking water is a global problem. We'll educate them about the world water crisis and about how the Filter of Hope water filter gives families clean water. We'll demonstrate how the filter makes the water clean and how we tell the families about Jesus using the filter. Then we'll encourage the children to make a difference by raising money to give kids like them clean water.

## What will the money be used for?

We will send the money to Filter of Hope, a ministry that shares clean water and the gospel using highly-effective water filters. All of the money will go for the purchase of filters. **They will send the filters to mission partners in countries that need clean water and the gospel.** Every home that receives a filter will also hear how Jesus is like a filter because He died to make us clean from sin.

## When will the Kids' Clean Water Project take place?

**Over the next few weeks you can raise money to help. During KidsWKND, June 20-22, we will teach kids about the water crisis.** We'll pool all of the money kids raise and purchase the filters.

## What can we do to raise money for filters?

You and your child may think of great ways to raise money. Here are a few examples: Lemonade Stand, Garage Sale, Bake Sale, Car Wash, Penny Drive, Eating in and donating what you would've spent out.
