

SBC Child Pickup Policy

The SBC Children's Ministry Committee will seek to:

- (a) have children aged infant to four years of age, signed in and out of the nursery using security key cards presented by a parent, guardian, or approved designate
- (b) have our volunteer workers obtain written parental permission to drive children, not their own, to and or from SBC children's programs
- (c) have a written notation on registration forms for community events indicating who will be picking up the child
- (d) have parents or designated guardians come to the class to receive their child(ren), age 6 and under, directly from the teacher or group leader
- (e) have written permission from parent or guardian for children who walk or ride their bike home from SBC programs
