

MEALS WITH GOD

The Passover is the most important holiday and tradition to the Israelite people. It is a yearly reminder to the people of their identity and calling. God saw them, saved them, and sent them to be a light to the nations. As they celebrate the yearly reminder they gather their family and friends around a table to participate in a ritualistic meal of salvation. Reminding themselves and each other that they have been saved and are being saved as a people together.
