

WHY ARE WE DOING THIS?

Each month, CPC sends \$24,000 of our tithes and offerings to the bank in the form of our mortgage payment. Over \$8,400 of this is interest alone. Each year, this amounts to approximately \$284,000 in ministry money that goes to debt. The truth is when we look at the future it's exciting to realize that God has provided CPC with all that it needs in order to do everything that He has called us to do!

WHY DO THIS NOW?

With no changes to our current repayment plan we will complete payment of our mortgage and be able to devote those funds to ministry in approximately eight years...that's eight years of student ministry, missions growth, and facilities needs. We believe paying off our mortgage is both good stewardship of our finances and wise ministry.

CAN WE ACTUALLY RAISE \$1.5M?

Yes! If God is gracious and our people are generous. The chart on the next page outlines the kind of gifts we will need to reach this goal.

HOW WILL FUNDS BE USED OVER THE NEXT THREE YEARS?

The absolute first priority for this campaign is the elimination of CPC's mortgage and the return of these dollars to ministry. Because of the passion in our congregation to see renewal in Student Ministry as soon as possible, our Session may allow some funds to be used to support a Student Ministry position sooner rather than later.

HOW WILL THIS IMPACT CPC'S CURRENT MINISTRY BUDGET?

We are asking people to give above their regular tithes and offerings. It is typical after campaigns like this that people who have given generously over the campaign will continue to do so. Regardless, we do not expect this to impact our current ministry budget.

WHAT IF WE RAISE MORE THAN \$1.5M?

We will worship with gratitude! Then our Session and staff will work together to direct funds to ministry opportunities in keeping with the intent of this campaign, i.e. Next Generation ministry (Student and Children), Mission Growth (Reaching and loving the world for Christ) & the health of our Facilities for ministry.
