

Faithbox

Media Kit

The Faithbox Mission

We believe Christians should be at the forefront of stewarding God's creation and caring for God's people, and our purchasing power has the ability to do both!

This is why we began Faithbox in 2015, and we're proud to say that we've shipped nearly 500,000 Faithboxes to Christians all around the world!

Faithbox Partnerships

Faithbox partnerships have exposed dozens of social entrepreneurs to our thousands of subscribers. These relationships have...

- funded essential ministry operations such as therapy, housing, food, education, and childcare.
- provided over 100,000 meals to children and over 10,000 essential needs kits to families.
- donated over 27,000 meals to Indian artisans during the COVID-19 pandemic.
- financed the building of a farming education center in Costa Rica.
- grown the audience, traffic and sales of our vendor partners.
- and impacted thousands of lives by providing dignified work and fair wages to artisans all over the globe.

Testimonials

We have had the honor of working with Faithbox for two years now and can not begin to express our gratitude for the blessing they have been to us. Even though we are a small ministry, Faithbox has believed in us. They have always made it feel like a partnership, not just a transaction. Faithbox has gone above and beyond to support us throughout the entire process, offering more exposure, publicity and orders than we ever have had before. We have been able to hire more women, increase their work hours and fund essential ministry operations such as therapy, housing, food, education and childcare through Faithbox's ongoing commitment. Faithbox has been the wind in our sails and we consider working with them a gift from God.

-Esperanzart

We've been partnering with Faithbox for the last two years and it's been a huge blessing to our artisans and their families. Through Faithbox's orders, we have kept over 40 artisans employed in Haiti and Mexico and have even been able to give jobs to partner artisans in the communities in which we work. We are so grateful that Faithbox prioritizes the opportunity to support at-risk artisans in under-served communities and introduce their subscribers to our artisans' good work through their wonderful boxes.

-ViBella

Faithbox was great to work with from start to finish. They worked with us to get our products into their subscription boxes and into the hands of their outstanding customers. I welcome the opportunity to work with the Faithbox team again (and again & again).

-The Spice & Tea Exchange

Not only do I appreciate the opportunities our company has had to partner with Faithbox over the years, I'm personally thankful for the friendships and meaningful connections we've made as a result of this relationship.

-Seoul Mamas

Faithbox is one of our key retail partners. They are consistent in their buying, fast in decision making, excellent in communication, works ahead of schedule to give us plenty time for production and importantly care about our mission of sustainability and fair trade. Their orders allow our artisans to scale their production capability. Lisa is a dream buyer and we appreciate Faithbox's long term partnership.

-Matr Boomie
