

HELPING WITHOUT HURTING
St Timothy Missions & Outreach: Essential Food Services
Safety Protocol

SAFE FOOD PREPARATION
PLEASE TAKE THIS SERIOUSLY

**Strict adherence to this protocol protects you, those we are serving, and the
Essential Food Ministries**

1. Do not volunteer today if you have fever/cough/shortness of breath. If you feel sick or have been exposed to a sick person, stay home. See the link below for more info.
2. Wash your hands with soap and water for 20 seconds before touching food.
3. Wear clean gloves during your time in the kitchen. Change them if they get contaminated.
4. Wear a clean mask if you have one. Do not touch your face, nose, mouth or eyes during food prep.
5. Maintain a distance of six feet from other workers in the kitchen.
6. Wear clean gloves to distribute food.
7. Clean all kitchen surfaces with disinfectant after food preparation. Some virus can live for 24 hours on stainless steel and plastic surfaces.
8. For your personal protection, wash your hands with soap and water for 20 seconds when you are done.
9. Respectfully follow all other safety protocols by the ministry you are serving

Refer to the CDC guidance for safe glove removal:

<https://www.cdc.gov/vhf/ebola/pdf/poster-how-to-remove-gloves.pdf>

Refer to this website from Consumer Reports for additional information about safety against the Coronavirus: <https://www.consumerreports.org/issue/coronavirus-covid-19>

Thank you for your service & love!

So in everything, do to others what you would have them do to you Matt. 7:12
