

Church Directory Privacy Policy

St. Andrew's uses ShelbyNext to maintain an online church directory for the purpose of helping members and regular attendees connect with one another.

Directory Information

The directory includes only the following: name, address, email, telephone number, and a photo.

Use of Information

This information is shared solely for ministry and fellowship purposes among members and attendees of St. Andrew's. It is not sold, rented, or shared with outside organizations, advertisers, or third parties.

Member Responsibility

Directory access is a privilege extended for the purpose of church fellowship and communication. By using the directory, you agree that any information you view — including other members' names, addresses, emails, phone numbers, or photos — will be used only for church-related purposes. This information may not be used for solicitation, marketing, commercial purposes, or shared with anyone outside the church without the individual's consent.

Access

The directory is accessible only to registered members and attendees through the ShelbyNext app and web portal, which requires a secure login.

Cloud Hosting & Vendor

Our directory is hosted through ShelbyNext, a cloud-based church management platform. ShelbyNext stores and secures this information on our behalf and is bound by confidentiality; it does not use your information for its own marketing or commercial purposes.

Consent & Opt-Out

By providing your information, you consent to its inclusion in the directory. You may:

- Request that any field (address, phone, etc.) be hidden from the directory
- Decline to include a photo
- Request removal of your information at any time

To make any of these requests, please contact the church office.

Updates

You can update your own contact information directly through the ShelbyNext app, or by contacting the church office.

Data Security

Your information is stored securely through ShelbyNext's platform and is not accessible to the public or non-members.
