## Four of our residents are now University students!

These include HARRIES, PRIMROSE, LAZARUS AND PETRONELLA.

University education in Zimbabwe is very rare and most students cannot qualify academically. Amazingly, four of our residents have achieved entrance and are doing well. We have a special donor who is providing the scholarships for these. The potential here is that these four will not only have strong earning potential, but will likely remain in contact with the Neshuro Caring Center -- it was their childhood home and family --and our hope is that they stay involved, perhaps serving on the board or helping to raise funds from within Zimbabwe. Most likely these four will end up residing in a major city, but people their age do have cell phones and yes, facebook accounts too!

Plus, when orphans "age out" of secondary school, without either a Vocational Training Certificate or University, their future is not bright. On the other hand, when younger students see some of the older ones succeeding and gaining education... oh what a motivation and inspiration for them- to have hope for their own success! So we give thanks to God and friends also, that four of our older kids are in University studies!

NESHURO NEWS

## The Priority Need

For almost 40 months now, as a near-miracle, YOU GUYS, the readers of this newsletter, have cobbled together enough financial support so that we have NEVER missed making the monthly support, which is \$2,550 per month. That's a typical rate, about \$60 per month per person for forty people. (this is not counting capital stuff or school fees.)

Also, our "construction" donors at Servants of Christ have helped the NCC to build a new boys' toilet, replace double beds with single beds, add a tractor, a well, and solar power to the farm, and paint all of the exterior buildings.

THANK YOU AND BLESS YOU...

**Pure and genuine religion in the sight of God the Father means caring for orphans and widows in their distress and refusing to let the world corrupt you.**

JAMES 1:27

BUT We do not have our budget "pledged" by any means... your periodic faithfulness (some give monthly, others annually, etc) IS MAKING IT HAPPEN! To me this is the handiwork of GOD Himself, showing His Love for orphans. Our involvement is what He calls "True Religion" - James 1:27

# MEET SOME NESHURO RESIDENTS

## SHALLOM MAGOMANA

My name is Shallow Magomana, girl aged 16. I was born on the 11th of November in 2006. My parents were involved in an accident and they both died when I was only 10 years old. I started staying at Neshuro Caring Center Trust when I was in Grade 4. I am currently doing my Ordinary Level at Masogwe Secondary School. When I grow up I wish to be a Doctor.

## NGAAKUDZWE T. MUTONHODZA

I am Ngaakudzwe T. Mutonhodza, a boy aged 12. I was born on the 25th day of September 2010 in Ndanga. I used to stay with my grandmother until she went blind and was no longer able to take care of me and my needs. My mom died when I was 4 and the following year my dad passed on due to cancer. I spent half a year without going to school until Mrs Chigohi took me to the Neshuro Caring Center. I continued with my education and now I'm in grade 6 at Masogwe Primary School.
