Responding to your child's art

When your child brings home their art or craft, take some time to talk to your child about it. Your child’s teacher has many purposes for the art/craft that they offer your child during the week. Perhaps today was a chance to explore what happens when blue and yellow are mixed together, or maybe they practiced using scissors and glue. A good question to ask is: “How did you make this?” Describe what you see: lines, colors, shapes, textures, and patterns. Hang your child’s art in a special place for all to see!
