For children who turn 4 by September 1st

Students will be exposed to pre-math concepts, STEM, reading readiness, fine motor and gross motor skills and music with a fun, spiritual, hands-on approach to learning. Our environment and teachers will help to demonstrate how each child is a unique, special gift from God. Each day will also open up opportunities to very naturally share the love of Jesus. The children will enjoy a lesson with Ms. Debra each week and enjoy music and movement. In our large gross motor room and nature-focused playground space, children will play while increasing focus, balance and coordination. Off site, special field trips and programs will enhance learning and knowledge of real-world experiences. Sixteen children will be the maximum with one teacher and one aide.
