Our Philosophy

At Seeds of Joy Christian Nursery School, we believe children learn by playing, and by expanding on the knowledge that they already have. Our teachers shape and build on that knowledge by finding out what children already know - through observation and conversing with children, and by encouraging students to explore the world around them. Our teachers and assistant teachers guide children while maintaining a warm, safe and inviting environment that demonstrates God's love for them. Students learn to be comfortable exploring their environment in order to experience many enriching educational activities, including movement, music, chapel time, STEM, and various art mediums.

All Families Welcome

Welcome to
Seeds of Joy Christian Nursery School!
Our school is an equal opportunity care provider and is a ministry of the First Presbyterian Church of Ambler, a place where lives are changed by Christ and we live out our faith together in response for God's love for us.
