

ROOTED

Introduction

2025 was a year of continued momentum, growth, and Kingdom impact for Victory Church. The following report highlights key ministry indicators across attendance, salvations, baptisms, serving, discipleship, and financial stewardship. These numbers represent not just data points, but lives reached, families transformed, and the ongoing faithfulness of God through His church.

LETTER FROM PASTOR DONNY

Dear Victory Church Family,

I want to personally thank you for your faithful giving throughout 2025 to Victory Church. Your generosity has played an important role in helping us continue our mission of bringing the heart of God to everyone, everywhere, and helping people experience the fullness of life.

When we give to God through a local church, it reflects trust in the vision, mission, and integrity of that ministry. Your continued support through Victory has made a real difference, allowing us to expand our global missions, care for those in need, prepare for the future, and create a welcoming environment for everyone who walks through our doors.

Proverbs 19:17 reminds us, “Whoever is generous to the poor lends to the Lord, and He will repay him for his deed.” Your generosity reflects a heart of faith and obedience, and I’m truly grateful for the impact we get to make together.

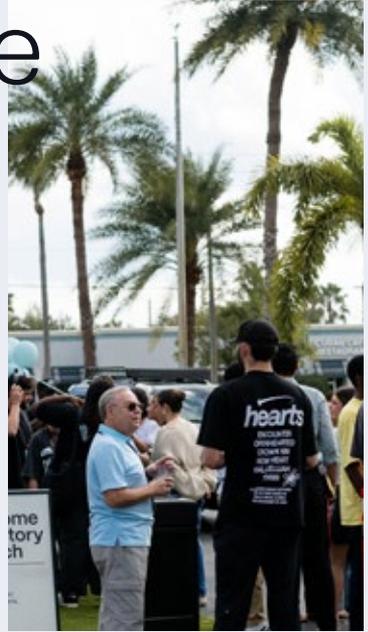

Thank you again for your commitment and generosity this past year. May God continue to bless you abundantly and pour out His favor and grace over every area of your life.

Sincerest blessings,

Pastor Donny Karpinen
Lead Pastor | Victory Church

SUMMARY

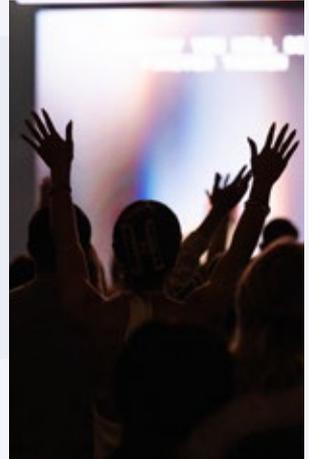

Victory continues to grow spiritually, numerically, and financially.

2025 exceeded the previous year's salvations, group participation, and volunteer leadership, while maintaining strong financial health and continued outward generosity.

Every metric points to a church that is not just growing in size — but in depth, engagement, and mission impact.

We have never been stronger, healthier, or more prepared for the future God is calling us into.

THANK YOU FOR YOUR
