

“PANDEMIC PARENTING”

LifeSpring Church

Pastor Steve Holdaway, 06.07.20

Parenting is a matter of passing down values, faith, relationship skills, parenting skills, and worldview. All of these things are better caught than taught. Like a baby, the primary way kids learn is by imitation. Healthy parents rear healthy children.

The Ultimate Goal: Not for them to be successful children, but godly, responsible adults! You don't parent to keep; you parent to release.

BIG IDEA: Parenting is a relationship of modeling and training a child to be a godly, responsible adult.

Deuteronomy 6:4-9 ESV

4 "Hear, O Israel: The Lord our God, the Lord is one. **5** You shall love the Lord your God with all your heart and with all your soul and with all your might. **6** And these words that I command you today shall be on your heart. **7** You shall teach them diligently to your children, and shall talk of them when you sit in your house, and when you walk by the way, and when you lie down, and when you rise. **8** You shall bind them as a sign on your hand, and they shall be as frontlets between your eyes. **9** You shall write them on the doorposts of your house and on your gates.

Parent with the end in mind.

Proverbs 22:6 ESV Train up a child in the way he should go; even when he is old he will not depart from it.

Parent each child according to his/her personality.

Parent Proactively. If you don't mold your child, someone will.

Don't stop praying!
