

## **Our Relational Covenant**

With God's help, we desire to be a people who...

- Love Radically, by putting others before ourselves.
- Listen Actively, by taking the time to understand before being understood.
- Grow Intentionally, by building each other up and seeking to find what is best for all.
- Communicate Clearly, by thinking before we speak and sharing our thoughts with charity and humility.
- Strengthen Community, by viewing differences, disagreements and evaluation as healthy parts of life, and by creating a safe place where people can be nurtured and grow.

While we are intentional about aspiring to these goals, we don't take ourselves too seriously and believe that laughter; warm friendship and love are always in order.
