Parents,

As our church focuses on Giving Joy this season, we wanted to make sure we provided ways to bring this idea to your child's level. You can find the link for The Giving Manger on both the app and our webpage. The Giving Manger is a fun, interactive activity for you to do with your child this Christmas season! We have also created this handout as a launchpad for ways your child can give joy to those around them this Christmas. These are just ideas to get you started. We cannot wait to hear about all of the ways the kids and families of Providence serve others during this season!

Merry Christmas,

The CM Team
